

11 March 2010

Dear Sir/Madam

**Re: Precinct Operations, 2010 Royal Easter Show**

Sydney Olympic Park is currently preparing to host the 2010 Royal Easter Show. As in previous years the Authority is required to modify its precinct operations in order that the one million visitors to the Show have an enjoyable event experience, whilst maintaining efficient operations for the businesses in the Sydney Olympic Park precinct. As a business operator within the precinct, the Authority would like to make you aware of certain changes occurring in precinct operations during the period of the Show.

The changes in precinct operations mainly affect traffic conditions around the site. Please be advised that Australia Avenue will be closed on Thursday 18th March 2010, between Murray Rose Avenue and Kevin Coombs Avenue. This closure forms part of the licensed area for the Show and will continue through until Thursday 22<sup>nd</sup> April 2010. During the public opening days of the Show (Thursday 1<sup>st</sup> April to Wednesday 14<sup>th</sup> April), there will be a number of other road closures and changes to the traffic conditions. All details of the changes to traffic conditions are listed in the attachment to this letter.

A key resource in coordinating major events at Sydney Olympic Park is the Sydney Olympic Park Operations Centre. The Operations Centre is manned every hour of the Show and can respond to nearly all incidents as they arise. If, at any time, you feel that an issue associated with the Show is affecting your business, please contact the Operations Centre and ask for the Events Manager. The Events Manager can be contacted on 9714 7700.

In the meantime, if you require further clarification on the information presented in this letter (and on the attachment) or you wish to highlight an issue not addressed, please contact Mr Stephen Kennett, Manager Traffic and Transport on 9714 7300.

Yours sincerely

**John Ferguson**

Executive Manager Precinct Operations

## **ATTACHMENT: PRECINCT OPERATIONS 2010 ROYAL EASTER SHOW**
